

To Our Valued Customers,

RJR Polymers is proud to announce the appointment of Michael Hancock as the new Customer Service Manager. Mike brings to the Customer Service/ Program Management position extensive experience in sales and support in networking products, integrated circuits, computer systems and industrial components. Mike's skills include situation analysis, team development, communications, and customer relationship development.

Mike replaces Mr. Dwayne Geidel. Dwayne is resigning his position as customer service manager as of September 22nd, 2006. He and his family are planning a move to the East Coast to be closer to their families. Dwayne has been an outstanding employee of RJR Polymers for 11 years, and we are all very sad to see him go. All of us at RJR wish Dwayne and his family every success in their new endeavor, and a new home filled with peace and joy.

We're delighted to have Mr. Mike Hancock on board, and welcome our customers to contact him for all of your program needs.

Mike Hancock
Customer Service Manager
