

RJR POLYMERS, INC.

RJR Polymers Plastic Lid Tooling List

A=OD Length/Diameter, B=OD Width, C=ID Length/Inside Diameter,

D=ID Width, E= Overall Height, F= Cavity Depth, G= Wall Thickness,

Lids are separated by material and then by shape. In each section, rectangular and square parts are listed together first, by size from smallest to largest and round lids are listed after and are also in increasing size order.

The majority of the listed parts have a flat footprint, however, there are several which have notches, steps, grooves, etc. that make for an uneven bonding surface. Drawings should be reviewed for any of these lids listed.

Color abbreviations are as follows: B = black, N = neutral, W = white.

This list is provided as a service – RJR Polymers reserves the right to alter this list at any time. Please consult with the factory for up to date information regarding any specific item listed herein, or your requirements, which are not listed herein.
